

# LANEZ SKIN

T30<sub>1s</sub> ampoule  
Hybrid peeling

**TCA Peeling Derma Solution**  
that brings back inborn healthy energy of skin cell

# Brand Story

Our skin repeats the process of cell regeneration and annihilation creating cell wastes that can cause skin aging.

The skin that repeats this process continuously accumulates wastes and dead skin cells on the surface, leading to skin troubles and pigmentation.

**Lanez Skin** is a hybrid peeling that is born to care the skin to be bright and clean as snow.

## Main Ingredients

TCA 30%, AHA, BHA, PHA, Squalane, Idebenone

Lanez Skin is a hypoallergenic  
TCA peeling product  
that can be used for all skin types.

It is a derma solution that removes wastes  
accumulated on the skin,  
makes the skin texture smooth,  
and gradually restores  
the original healthy energy of skin cells.

01

# Hybrid Peeling

Various skin care formulas of AHA, BHA and PHA care the skin to be moist and smooth by minimizing skin irritation and removing dead skin cells softly.

# 02

## TCA Peeling

TCA is a noninvasive skin treatment used for skin discoloration, scar treatment and wrinkle improvement.

Lanez Skin with TCA 30% is absorbed to upper papilla dermis and not only removes old dead skin cells also revitalizes skin cell growth.

It could be used for improving specific skin conditions such as skin discoloration and acne scars.

03

# Ingredients

01  
AHA

Dead skin cell smoothing,  
Promotion of skin cell regeneration,  
Increase of collagen density in the skin,  
Improvement of elastic fiber

02  
BHA

Softening of dead skin cells in pores,  
Anti-inflammatory effect,  
Blemish removal,  
Reduction of fine wrinkles

03  
PHA

Strengthening of skin barrier,  
Containing of natural antioxidant  
ingredient,  
Brightening,  
Improving skin photoaging,  
Lessening of wrinkles

04  
Squalane

Skin regeneration,  
Antioxidation effect,  
Anti-aging

05  
Idebenone

Prevention of skin oxidation,  
Anti-aging

06  
Bixa Orellana  
Seed Oil

Prevention of skin oxidation,  
Anti-aging

# 04

## Characteristics

### 01 **Double Layer**

Double layer formula of transparent oil and yellow water minimizes skin irritation and maximizes effectiveness.

### 02 **Water Bank**

Cares skin to be moist and soft by forming moisture protective coat on the skin surface and filling moisture energy into the skin.

### 03 **Anti-aging**

Strong anti-aging effect of PHA ingredient helps skin regeneration by reinforcing skin barrier and increasing GAG creation.

# Transparent Oil Layer

A transparent oil layer containing Squalane and Bixa Orellana Seed prevents skin oxidation and darkening from reactive oxygen species.

Protects active ingredients that is effective for skin regeneration and also protects skin and provides moisture by forming complex water-oil coat.

# Yellow Water Layer

Optimal mixing ratio of TCA 30%, AHA, BHA and PHA.

Removes dead skin cells and revitalizes the skin by activating deep cells in the skin.

# 05

## Effects of Use

01

Improves skin shape and elasticity

02

Improves acne scars and loosened pores

03

Treats specific kind of acne

04

Improves pigmentation such as lentigines and freckles

05

Improves skin damages and wrinkles caused by sunlight
